INCEIF[®]
THE GLOBAL UNIVERSITY OF ISLAMIC FINANCE

As the pandemic remains in our midst, the twin threat to lives and livelihoods continues. While it is impossible to conclude the true long term consequences, a roadmap to recovery is crucial as we chart a path to recover and build resilience for the future. INCEIF looks forward to collaborate with the Pandemic Research Group of Monash Business School, Monash University, in bringing the Islamic finance perspective to the discussion as the world resets and reforms.

Please join us as we mark our collaboration with an MoU signing ceremony.
